INTRODUCTION TO THE COMPANY

DRB Infrastructure is an expeditious growing Private Limited company. We have incorporated into a pvt ltd company in the year 2008 and commenced functioning as DRB Infrastructure Pvt Ltd since 2011. Our main areas of activities and expertise are Planning, Execution & Maintenance of Infrastructure activities. We believe in undertaking the road construction business with impeccable foresight, expertise and innate acumen providing cost efficacious and holistic solution to road construction activities. The company's overall strategy will be predicated on a perpetuating amelioration process of setting objectives, quantifying results and providing feedback to facilitate further magnification and progress.

“No job too colossal. No job too minute.” is what we as DRB stand for. Our prosperity is built on the pillars of expertise, quality, integrity and multifariousness. All of these are underpinned by a policy of recruiting and retaining the best people and a sincere commitment to building long-term relationships with our clients. As a private company, we are driven by quality and ethical considerations. We care deeply about the way we comport as an organization, the people and communities we interact with and the impact we have on our environment. We adopt a 'Best Practice' approach to supply chain management predicated on in-depth understanding of local conditions, which betokens that we probe for best value in our negotiations while recruiting local expertise and accommodations wherever possible.
